

Lady Doctor: A Visit With Elizabeth Blackwell

In this **One Woman Show**, Beth Ohlsson brings to light, and life, the tremendous journey of

Elizabeth Blackwell,
the **first woman** to
graduate medical school
in the United States.

**Early reviews are praising
Beth's portrayal of Elizabeth!**

“She was fabulous, so centered and grounded in Elizabeth. We were with her every second being pleased, horrified, outraged, committed, and hopeful.”

-Judith Black, Storyteller, Stories Alive
